

MAGELLAN

MAGELLAN – CHEVROLET / GM

FOR MORE THAN 50 YEARS, WE CONTINUE TO BRING THE BEST BUS DESIGNS

Introducing Magellan, a new model from Collins Bus that has been synonymous with the school bus industry for more than 50 years. After half a century of delivering Type A school buses with A+ marks for strength and safety, Magellan continues on that legacy, from the most trusted bus manufacturer across every segment – Collins Bus.

MAGELLAN FROM COLLINS BUS

Collins Bus developed the first Type A school bus in 1967, and the Magellan continues on that record of excellence ensuring we protect our most important passengers – mile after mile from home to school and back. Innovative engineering leads to a roof structure (roll over test) 5x's stronger than the national standard. With the Magellan design and lean manufacturing process, we will continue to ensure that our school buses are head of the class.
